WHEAT ROPE TO BE CONTROLLED

Denver, Colo., June 26 (AP)—At the present rate of growth of the cooperative movement among the wheat growers of the United States, the American Wheat Growers association will be in control of the American market in three years, and in addition will be a weighty factor in the foreign markets, with the power of George C. Jewett, general manager of the organization, said today.

"Our aim is to have sixty percent of the American wheat in our possession by the fall of 1924," said Mr. Jewett. "In aiming at this, however, we are counting on a continuing increase in the acreage, and we will market about ten percent of all the wheat grown in the United States."

Mr. Jewett will leave for Chicago later today.

BOARD CANCELS BANK PRIVILEGE

Washington, June 26 (AP)—The federal reserve board today withdrew the right it gave member banks of the reserve system in 1921 to act as agents in rediscounting for non-member banks.

The action, which was taken at an executive session, was made known in a formal statement which said: "The federal reserve board announces that the general privilege given to member banks during the emergency of 1921 to act as agents in rediscounting for non-member banks is now withdrawn."

"The board further announces that hereafter this privilege shall be allowed only upon application of the non-member bank concerned and the approval thereof by the federal reserve board."

especially attracted me on account of the fine work he has done in building up in a very fine way, a very fine high school, which has practically doubled its enrollment during his administration. He has been very successful in all his courses of study and in the extra-curricular activities of the school."

Pocatello citizens will remember a number of changes in the outline of the local high school made during Mr. Perkins' administration here, a great many of which have endured because of their excellence. The abolition of the 45-minute class period and the establishment of the rotating hour period, the abolition of fraternities and sororities, simplified dress rules for the girls of the school, the organization of the Arizona Principal's Association, the starting of the annual state musical contest of Arizona, and the introduction of the national honor society, formerly known as the American Torch, which prevails in our own high school, are all measures introduced or activities fostered by Principal Perkins, which gained him his reputation and the honor which has now been accorded him.

Mr. Perkins says that there can now be only one obstacle to his accepting the position. Mrs. Perkins, who is a daughter of A. W. York, has been ill for several months, and it is feared by her husband that the climate of the district may not be good for her. Mr. and Mrs. Perkins will, however, this summer make an extended visit to San Diego, which, it is hoped will determine that the climate will have no bad, but a most beneficial effect upon Mrs. Perkins.

AUTOS WANTED FOR PARADE

The citizens' committee of reception to President Harding and party wishes to provide automobile accommodations for all visiting officials. This will require the use of all cars that can be furnished. The members of the city are urged to co-operate in the transportation of those who may wish to join in the parade.

Any person who will volunteer to render this service will please phone W. H. Haveron, chairman of the automobile committee, or leave name and address at the Chamber of Commerce, phone 2331. Mr. Haveron may be secured at either 166-J or 14-J-2. Those who send in their names will kindly give the make and kind of car, and the number of passengers that can be accommodated. Wednesday's paper will contain information concerning the parking of the cars. Out of town visitors who wish automobile accommodation in the parade are requested to register at the Chamber of Commerce.

The fourteen official seven passenger cars which have been chosen to conduct the president and his party and the state officials over the route of the parade will meet this evening at 7:30 at the Oregon Short Line depot to go over the line of march.

CHAMP STROKE IS KNOCKED OUT

Poughkeepsie, N. Y., June 26 (AP)—The chance that Donald Walling, stroke of the University of Washington varsity crew, who is suffering from blood poisoning in the right knee, the result of a fall, will recover in time for the regatta on Thursday is regarded as slight by Coach "Rusty" Callow.

France, who has been moved up from number four, wields a powerful oar, but Walling, it has been felt, was rather an ideal stroke from every angle and France is essentially not a stroke. Despite Walling's absence, the westerners rowed with good form and much spirit today.

As usual, the Washington eights were on the course ahead of the other crew, but remained on the river only ten minutes and practiced several racing starts.

Cornell eights did not appear on the course in the morning and Columbia did not come out until noon. Ten Eyck took the Syracuse crew down the river on a short pull before noon and was followed by Joe Wright's Pennsylvania crew.

BACK HARDING'S COURSE

Westerville, Ohio, June 26 (AP)—A telegram commending President Harding on his stand on the enforcement of prohibition laws was sent him today signed by state superintendents from every state in the union and officials of the Anti-Saloon League of America. The state superintendents and officers of the Anti-Saloon League of America are in conference here to discuss enforcement of the old act and state prohibition laws. At an executive session today the political situation regarding law enforcement will likely be taken up, leaders said.
