DEMONSTRATION OF PROJECT METHOD TEACHING AT TECH

One of the most enjoyable events of the Tech summer session was the demonstration of the project method teaching in assembly this morning by a class in educational thesis writing. Mrs. Edna Wilcox was in charge, and was ably assisted by every member of the class, notably L. B. Howell, "Father Time."

The project was on "Time." Four phases of the problem, carrying out the history of the methods of reckoning time from the earliest days to the present, were each presented by different groups of students. This gave opportunity for the introduction of music, poetry, readings and dramatizations pertaining to the subject.

The term "Project" was first applied to this method of teaching in connection with the agricultural and industrial clubs. However, originally, teachers have made use of the principle in all kinds of school work for several years.

BANK CLEARING

The Pocatello bank clearing Tuesday was \$80,245. The bank clearing one year ago yesterday was \$80,733.48. The total amount of checks cashed Tuesday at local banks was \$318,714.15.

TOWN TALK

NEW DAUGHTER

Mr. and Mrs. George Swallow of 244 South Tenth avenue announces the arrival of a fine girl at their home June 24.

RETURN FROM PARK

Mrs. E. S. Wilson and son Harold returned from Yellowstone park Tuesday, having spent a month in the national playground.

LICENSE ISSUED

A marriage license was issued Tuesday at the county clerk's office to Harry J. Rising of Pogram, Idaho, and Mabel M. Miller of Coeurville, Wyo.

MARRIED SATURDAY

Announcement has been made of the marriage of Miss Ellen M. Truhant and James E. Goddard June 23 in Salt Lake City. Mr. Goddard is an employee of the Ryan Fruit company.

RUNAWAY LAD

Local officers have been asked to assist in locating W. Slouin, aged 17, who ran away from his father at American Falls Tuesday. A description of the boy has been received from the sheriff of Power county.

TOURED PARK

R. C. Farley, Ray Bistline Junior Wells and Earl Dayton returned last evening from a few days' auto trip through Yellowstone park. Outside of about ten miles of the detour out of Ashton, the roads are reported in good condition.

TO VISIT MOTHER.

Miss Eleanor Champion of Kansas City will arrive this evening to spend a few days with her mother, Mrs. Sadie Champion, a student at the Tech summer school. Miss Champion is a graduate of the Grand City Business College of Quincy, Illinois. She is to spend the vacation on the coast.

GIVEN STIFF FINE

L. Miller, arrested Monday night on the charge of vagrancy, was found guilty in police court this morning and assessed a \$100 fine. Police Judge John W. Peters, George Verone and Joe Davis, both charged with intoxication, were given fines of \$10 each at this morning's session of court.

FOUND GUILTY

Phyllis Bell, Vivian Naron, George Walters, R. E. McIntyre and Charles Hamilton, all arrested Monday night on the charge of disorderly conduct, were tried in police court before Judge John W. Peters this morning. The girls were fined \$25 and \$10 respectively, while the charge against the boys was dismissed.

ROTARY MEET CHANGED

Owing to the fact that President Harding will be in Pocatello Thursday during the time generally devoted to the regular Rotary meeting, the meeting this week will be held at 6:15 p. m. at the Banquet hotel. The guest of honor at the luncheon to be held at that time will be Past District Governor Tom Davis, who has been in Pocatello since yesterday.

ADULT HELPERS NEEDED

W. R. Siders, superintendent of schools, asks for volunteers to assist him in caring for the children who will be assembled at the high school grounds tomorrow at noon to greet President Harding. Any adult willing to help will kindly be present at the high school grounds before noon tomorrow. This service will be vastly appreciated.

REAL ESTATE TRANSFERS

Following are the real estate transfers as filed Tuesday: Banneek county to Daniel C. Ames, tract 4 acres, SE 1/4 sec. 34, tp. 12 S R. 40; Maria V. Hoppson to Frederick F. Bixler, lots 14 and 15, block 524; E. H. Clarke et ux to Victoria P. Hansen et ux, 1/2 lot 4, all S. block 299, 6,300 feet; J. K. Barker to J. M. Knowles, lots 1, 2, 3, 4, block 122.

ARTICLES FILED

Articles of incorporation were filed Tuesday at the county clerk's office by the Liberty Oil company of Idaho. Pocatello is stated as the principal place of business. The amount of capital stock is \$50,000, divided into 5,000 shares at a par value of \$10 each. Of the amount of capital stock 1,220 shares are actually subscribed for by J. F. Featherstone, R. F. Allen, Lou Parry, M. L. Scott and R. Z. Featherstone.

WAS NOT PRESENT.

Regarding the report carried in Tuesday evening's issue, of trouble which is alleged to have occurred between a Mrs. Whitman and Hattie West Monday evening in the rear of the Woolley apartment on North

VIADUCT CLOSED DURING VISIT

From 11 a. m. Thursday until 1:30, which time comprises the visit of President Harding to Pocatello, the viaduct will be closed to all traffic. There will be no exception to this ruling.

RAILROAD RUMBLES

Thomas Wharton, one of the pioneer engineers of the Montana division, with his regularly assigned fireman C. S. Ogco, compose the engine crew which will have charge of the special train carrying President Harding and party when it leaves Pocatello tomorrow for Butte. Engine 3136 is the locomotive selected for use on the special, the engine being given careful attention by the roundhouse force today in preparation for its important duty. The 3136 will be run through to Butte, though the crew will change at Lima, Mont. Engineer Frank Myers and Fireman G. W. Dunham being selected to handle the train over the eighth district. Crews and the engine for the pilot train have not as yet been announced.

Engineer M. B. Smith has ok'd for his freight turn on the Montana division after being used in temporary passenger service.

Engine 3130, in charge of Engineer J. R. Burns and Fireman Frank Schaefer, doubleheaded on No. 6 this morning on account of the heavy passenger traffic.

Engineer A. J. Fechtel has ok'd for his freight turn in the third district, after being off a few days attending to personal business.

Switch Engineer Frank Allen is laying off his turn on the 7 a. m. work switch job to attend to personal business matters. Engineer Percy Raynor is acting as relief.

Engine 2034, in charge of Engineer C. C. Ostrander and Fireman William Christensen, was run east yesterday afternoon, this locomotive being transferred to the Union Pacific.

Engine 1576, in charge of Engineer F. M. Darling and Fireman H. R. Anderson, was run to West Yellowstone this morning with a special train carrying an Elliott Toura party.

Engineer E. B. Hays and Fireman Frank Stevens doubleheaded to Glenns Ferry on No. 23 this morning to bring Engine 2011 to Pocatello, this engine being transferred for service on the third district.

Fireman Dave Pratt has ok'd for his freight turn in the third district after being used in temporary hosting service at this point.

Engineer R. Powell and Fireman O. W. Draper doubleheaded to Ashton on No. 45 this morning to bring engine 1574 to Pocatello for service in the seventh district.

Engine 3406, in charge of Engineer J. A. Hartvigsen and Fireman E. D. Standiford, was sent out this morning for work train service near the tie plant.

A special train of deadhead equipment will be run to Ashton this evening and will return to Idaho Falls Thursday, running as a special to accommodate residents along that line desiring to attend the reception for President Harding.

MEDIUM BROWN HAIR looks best of all latter a Golden Gilt Shampoo. Gives the hair a tiny tint.

Use Care in Flag Display

With the visit of President Harding to Pocatello Thursday and the huge reception which is being planned in his honor, citizens should give particular attention to the proper use of the American flag. The display of the national emblem is particularly fitting and proper at this time but great care should be taken by individuals that the flag is used in the correct manner.

The flag should not be used as a draping. It is a common practice to drape the flag in various positions on automobiles upon special occasions, and while this does not mean that the owner of the car has any intention of desecrating the emblem, yet it is a serious infraction of etiquette governing its use. The flag should never be festooned or used in rosettes. Use red, white and blue bunting for this purpose.

The flag may be carried on an auto when attached to a standard, otherwise it is a violation of the emblem. The flag should always be displayed from a standard, though where this is absolutely impossible it may be hung straight against a wall. When used in the latter manner, the field of stars should be in the upper left hand corner, from the observer's point of view.

The following are extracts from the standard approved rules of etiquette of the national flag:

When the flag drapes the wall and is hung horizontally, the blue field should be to the left; when hung vertically the blue field should be to the right. It should float freely at all times and if caught should be released at once.

The flag should never be draped, but always arranged to hang in straight lines. It must not be used as a cover for a desk, table or box. Nothing must ever be placed on the flag. When clusters or drappings of colors are desired, bunting or cloth may be used—never the flag.

When old or soiled it should be decently burned. Do not drive tacks in the flag. When the flag is hung as a streamer to be viewed from both sides, as when stretched across the street, the field of blue should always be toward the east or north.

In view of the fact that when the president visits Pocatello many flags will be exhibited it is necessary that great care be used that the above rules of etiquette be observed.

TECH RECEPTION FOR PRESIDENT

Vice President of Student Body Will Present Boquet.

When the presidential party approaches the Tech campus on Thursday the members will be greeted by "America" led by Mrs. J. E. Dameron and sung by the Tech summer session students and the throng of east side children present. The party will drive away after the stop to the strains of the Idaho song.

Miss Ouida Fincher, vice president of the student body, was elected this morning to have the honor of presenting a bouquet to Mrs. Harding. This will be done quietly just as the car stops in front of the Tech building.

A meeting of Tech student committeemen with President Frazier is being held this afternoon to work out every detail of the most memorable event that has ever taken place on the campus. Great care is to be taken regarding keeping the children in definite allotted and roped off space. A special space is being prepared for Tech students also, so not a minute's delay will be caused.

The students will attend the principal lecture of the president downtown, and will then return directly to the campus to be in their allotted places by the time the party arrives there. Lunch hours and recreation periods have all been changed to enable the students to make the most of the occasion.
